

Doplň a vybarvi podle návodu:

- i, í – hnědě
- y, ý – červeně
- ú – zeleně
- ů – žlutě
- ou – modře

DOCVIČUJ

1.

$$27 + 7 = \underline{\quad} \quad 77 + 8 = \underline{\quad} \quad 25 + 6 = \underline{\quad} \quad 64 + 8 = \underline{\quad}$$

$$43 + 9 = \underline{\quad} \quad 45 + 7 = \underline{\quad} \quad 38 + 4 = \underline{\quad} \quad 75 + 9 = \underline{\quad}$$

$$54 + 5 = \underline{\quad} \quad 83 + 9 = \underline{\quad} \quad 45 + 8 = \underline{\quad} \quad 86 + 5 = \underline{\quad}$$

$$69 + 6 = \underline{\quad} \quad 36 + 7 = \underline{\quad} \quad 52 + 9 = \underline{\quad} \quad 19 + 4 = \underline{\quad}$$

2.

$$47 - 8 = \underline{\quad} \quad 71 - 8 = \underline{\quad} \quad 38 - 9 = \underline{\quad} \quad \underline{\quad} = 74 - 7$$

$$64 - 6 = \underline{\quad} \quad 63 - 6 = \underline{\quad} \quad 47 - 8 = \underline{\quad} \quad \underline{\quad} = 83 - 5$$

$$85 - 9 = \underline{\quad} \quad 45 - 7 = \underline{\quad} \quad 56 - 7 = \underline{\quad} \quad \underline{\quad} = 92 - 9$$

$$92 - 3 = \underline{\quad} \quad 82 - 5 = \underline{\quad} \quad 65 - 6 = \underline{\quad} \quad \underline{\quad} = 100 - 10$$

3. Vypočítej. Součty dej do zeleného kroužku, rozdíly do žlutého:

$$54 - 7 = \underline{\quad} \quad 98 - 9 = \underline{\quad} \quad 53 - 5 = \underline{\quad} \quad 93 - 7 = \underline{\quad}$$

$$47 + 7 = \underline{\quad} \quad 89 + 9 = \underline{\quad} \quad 69 + 7 = \underline{\quad} \quad 85 - 6 = \underline{\quad}$$

$$76 - 8 = \underline{\quad} \quad 72 - 6 = \underline{\quad} \quad 49 - 9 = \underline{\quad} \quad 72 + 9 = \underline{\quad}$$

$$68 + 8 = \underline{\quad} \quad 66 + 6 = \underline{\quad} \quad 49 + 9 = \underline{\quad} \quad 85 + 6 = \underline{\quad}$$

4.

$$(45 + 7) - 6 = \underline{\quad} \quad 62 + (17 - 9) = \underline{\quad}$$

$$(73 - 8) + 5 = \underline{\quad} \quad 53 - (7 + 2) = \underline{\quad}$$

$$(82 - 4) - 7 = \underline{\quad} \quad 9 + (69 + 5) = \underline{\quad}$$

$$(93 + 5) - 9 = \underline{\quad} \quad 4 + (73 - 5) = \underline{\quad}$$

5. Pozoruj a doplň čísla:

18	22	26	.	52	58	64	.	100	95	90	.
41	46	51	.	29	37	45	.	88	82	76	.
33	36	39	.	74	76	78	.	45	41	37	.
